International Day for the Elimination of Racial Discrimination

Today is the UN's International Day for the Elimination of Racial Discrimination. On March 21st 1960, 69 people were killed while peacefully protesting against Apartheid in Sharpeville, South Africa.

To mark the day we invite you to help us create a picture of people's experiences of prejudice in North East Scotland over the last year. We have created a short survey, [accessible here](#), which should only take 5 minutes to complete. We will collate the information, feed it back in a future edition of the bulletin, and use the results to plan our work. Thank you for supporting this initiative!

SSAMIS Interim Research Report

The SSAMIS (Social Support and Migration in Scotland) project explores experiences of migration and settlement amongst migrants from Central and Eastern Europe (CEE) living in Scotland. A significant part of the project focusses on Aberdeen City and Aberdeenshire. Read the interim findings [here](#).

Prejudice and Sectarianism on-line resources

Click [here](#) to check out some exciting resources created by Xchange Scotland. The online resource was developed to increase understanding about the topics of prejudice and sectarianism and to establish a platform to share some of the resources that have been used with a range of groups and ages. Xchange Scotland are keen for these to be distributed widely and they ask partners to provide feedback [here](#).

Change, Justice, Fairness

An important report published by Scottish Women's Aid and Fife Domestic and Sexual Abuse Partnership, entitled: "Change, Justice, Fairness: "Why should we have to move everywhere and everything because of him?". [Read it here](#).

Aberdeenshire Health & Social Care Partnership Draft Equality Outcomes

These Equality Outcomes have recently gone out to consultation. Please follow the [link here](#) to read the document and provide your feedback.
